

# **DON'T USE PLASTIC BAGS OR WATER BOTTLES**

- 🔗 500 billion plastic bags are used each year worldwide**
- 🔗 Each year the U.S. uses 84 billion plastic bags, nearly 17% of the worldwide usage**
- 🔗 Plastic bags are not biodegradable and are making their way into our oceans, and subsequently, the food chain**
- 🔗 Stronger, reusable bags are an inexpensive and readily available option (and just keep them in your car!)**
- 🔗 The production of water bottle plastic uses the 17.6 million barrels of oil annually, and this excludes transportation costs**
- 🔗 37,000 semi-trucks are driving throughout the country delivering water**
- 🔗 17.6 million barrels of oil annually can fuel more than 1 million vehicles in the U.S.**
- 🔗 Use re-usable bottles, a STOP BUYING WATER.**
